MIXER AMPLIFIER WITH TUNER

MODEL	T-120R			
RATED POWER OUTPUT	120W			
SPEAKER OUTPUTS	4~16, 70V/100V			
INPUT	MIC1, 2, 3: 5mv/600 Ohms, Balanced /Unbalanced AUX 1: 250mV/15KOhms, Unbalanced EMC : 250mV/15KOhms, Unbalanced			
TONE	Bass:±10dB at 100Hz Treble:± 10dB at 10KHz			
FREQUENCY RESPONSE	50Hz~15KHz			
S/N RATIO	MIC 1, 2, 3: 66dB;AUX 1: 80dB			
T.H.D	Less than 1 % at 1KHz,1/3 rated power			
CROSSTALK	MIC : 80dB;AUX 85dB			
MUTING FUNCTION	MIC 1 over other input signals with 0 ~30dB attenuation EMC ove all inputs except MIC 1			
CONTROLS	individual gain controls, power switch			
INDICATORS	power LED, LED level meter, protect			
PROTECTION	AC fuse, short-circuit and high temperature			
TUNER				
FREQUENCY RESPONSE	FM	87-108MHz	AM	522-1611kHz
SENSITIVITY	FM	20uV	AM	6.0mV/m
SIGNAL /NOISE RATIO	FM	40dB	AM	36dB
ELSE				
POWER REQUIREMENTS	~220V±10%50Hz			
POWER CONSUMPTION	200W			
DIMENSION (mm)	484X425X88			
NET WEIGHT	11.36Kg			
GROSS WEIGHT	12.56Kg			

GENERAL DESCRIPTION

The mixer Amplifier with Tuner series provide an integrated sound system for background music, paging and fire emergency alarm applications, the multi choices of power wattages from 120W can provide an ideal public address solution from small to big places such as, schools, hotels and factories to train and air stations.

FEATURES

- Rated outputs from 120W.
- 100V/70V line transformer -isolated speaker outputs, low impedance 4-16 ohms speaker outputs.
- LCD English display.
- AM/FM each 100 channels memory storage.
- Tuner manual or automatic search.
- Two balanced line input and three balanced microphone inputs.
- One stereo aux input and one amp input.
- One EMC input with priority over all other inputs except MIC 1,
- AUX, MIC, Tuner, Bass, Treble end master volume Control.
- MIC 1 mute level control.
- Power and protection indicators and 6 output level meters.
