

magnifi MAXSR™

Maximum-Performance True 5.1
Home Theater Sound Bar System

magnifi MAXSR™

The Polk MagniFi MAX SR maximum-performance true 5.1 home theater sound bar system provides bigger, more dynamic surround sound than traditional sound bars—and is optimized to make movies, TV, sports and music come alive. It features patented SDA surround technology for a wider, more immersive listening experience and Polk VoiceAdjust technology for crystal clear dialogue—and it's equipped with Polk Smart Remote technology, so it works with your TV's remote control right out of the box. Includes a wireless subwoofer and two Polk SR1 wireless rear speakers for true surround sound—plus, HDMI (4k compatible) and optical cables for quick and easy setup. And, Google Chromecast Built-in and Bluetooth technologies let you stream all of your favorite music. Compatible with most major TV manufacturers.

Features

Patented Polk SDA Surround Technology

Creates an expansive soundstage and detailed stereo image, while delivering a natural multi-dimensional sound experience you would expect from a concert or theater by eliminating cross-talk found in all other sound bars and TV speakers.

Polk VoiceAdjust Technology

Customize the voice levels in the sound bar however you prefer to reproduce clear, crisp dialogue and never miss a single word of your favorite movie, TV show or sporting event.

Google Chromecast Built-in

Stream music from your favorite apps over Wi-Fi, connect to your Google Home speaker and control your music with voice commands via Google Assistant.

True 5.1 Wireless Surround Sound

Seven driver array, the included powerful wireless subwoofer and two Polk SR1 wireless rear speakers create an immersive multi-dimensional sound via 5.1 Dolby Digital, DTS and exclusive Polk SDA surround technology for an incredible room-filling listening experience.

Built-in Remote Control Compatibility

Control volume and mute with most Samsung, LG, Vizio, and Sony TV remotes (works with both optical HDMI connection), as well as most CEC enabled TVs - no programming or learning required.

Low-Profile

Slim design won't block your TV's remote sensor.

Exclusive Full Complement Deep Bass Technology

Included 8" ported wireless subwoofer give you a massive boost of core-pounding deep bass impact that takes home theater and music listening to a whole new level.

Movie, Music and Sport Modes

One button preset EQ settings for Movies, Music and Sports optimize the sound bar and subwoofer to ensure you get the clearest dialogue, big surround sound and deep bass for the best audio and home theater experience.

Night Mode

Lowers the bass and increases VoiceAdjust delivering clear dialogue all without raising the master volume.
